

DCTC Policy 4.20 Uniforms for College Personnel

Part 1. Policy Statement.

The college recognizes that for employees in certain positions, it is appropriate for the college to provide uniforms for use in their employment with the college. Examples include staff working in areas where clothing becomes easily soiled (e.g., shop areas) or where sanitation makes fresh uniforms desirable or in situations where consistent employee image is important.

The college authorizes, in concurrence with contractual terms and conditions, the furnishing of uniforms and other appropriate apparel (e.g., shop coats, shirts) to employees for use during their hours of employment with the college. The administration shall develop procedures determining which positions shall be provided uniforms or clothing, the conditions of issuance and use, color, and other pertinent matters.
